Macau University of Science
and Technology (M.U.S.T.), Macau

November 23-25, 2020 | www.icaitle.org

2020 The 12th International Conference on Advanced Infocomm Technology will be held at Macau University of Science and Technology (M.U.S.T.), Macau, during November 23-25, 2020, following the successes of previous events held in Jinan, Stockholm, Chengdu, Shenzhen, Xi'an, Hainan, Wuhan, Paris, Hsinchu, Fuzhou and Hangzhou. This conference will be organized by M.U.S.T. This year the symposium will feature plenary talks given by world renowned scholars, and regular sessions with broad coverage and popular topics. Known as the 'Vegas of China', Macau is indeed an epicentre of gambling and glitz. While luxury entertainment here is world-class, the city has much more to offer than that.
